
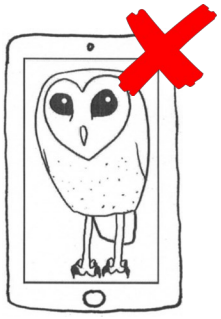
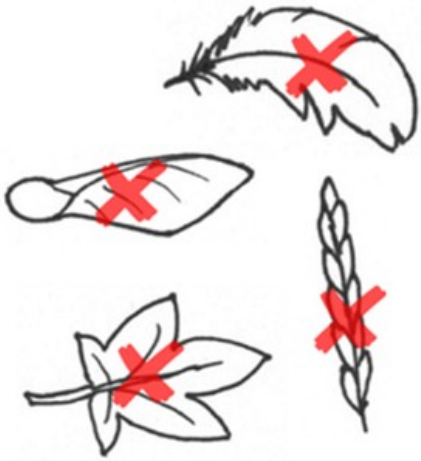
Entries must be an image of an owl.

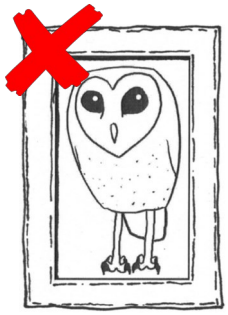
Digital artwork is not allowed, due to the widespread use of generative AI.



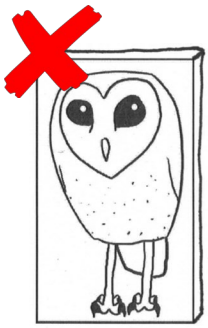
Media

Entries cannot contain any plant or animal materials as a medium (no grasses, seeds, fur, feathers, etc.), as it is illegal to ship these internationally.





No frames or mattes may be used on the artwork.



If using canvas, the canvas must be removed from the wooden frame or it will be disqualified.

Age:_____

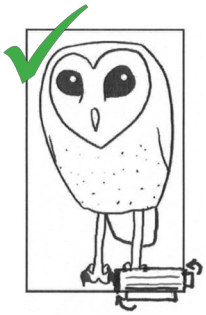
State/Country:_____

Submission & Labeling



TAPE the small label, from this page, to the bottom right corner of the front of the image. Place tape on the bottom and right side and fold the tape around to the back of the art.

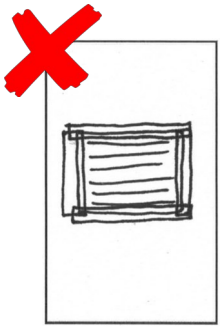
TAPE the larger label, from page 1, to the back of the image with ONE piece of tape along the top of the label.

Use single-sided tape.

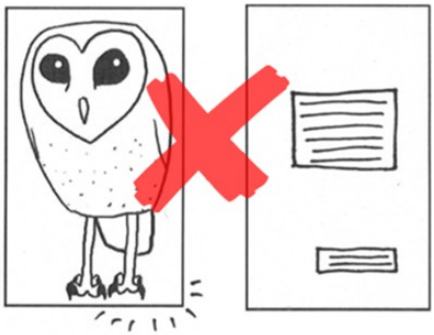
Artwork must be properly labeled. If you do not think the tape you are using will hold well enough, please use paper clips to help hold the submission forms to the art. Make sure you attach both the front and back labels; **improperly labeled artwork will be disqualified** from the competition and CANNOT be mailed back.

You must send us the original art. We will not accept photocopies or e-mailed entries.

Limit 1 entry per person and 50 entries per school if mailed by the school in a package.



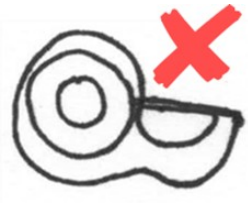
Do not encase either label in tape.



Do not attach the small label to the back of the piece.

All unremovable or damaging methods of attaching either label WILL result in disqualification.

Do not use ANY of these to attach either label:



No double-sided tape

No glue of any kind

No rubber or paper cement

No staples

No poster putty or adhesives (sticky squares)
